

Contributions Form

You can create your own
secure online donations or special event form
on Vault, compliments of OmegaFi!

The Contributions Form will help you collect funds and information for alumni donations and gifts, special event registrations and/or chapter fundraisers.

Here's how it works:

- The feature is found under the Fundraising menu on Vault.
- Customize the form by choosing your own color, title, text, instructions and contact information.
- After you create your form, you can provide interested donors or event attendees with a direct web address or place a link to the form on your chapter's website.
- Payment can be remitted by Visa, MasterCard, American Express or Discover.
- An email notification is sent to a designated chapter contact with each contribution. An email confirmation is also sent to the donor.
- A donations history report is on Vault that allows you to view the information for the donors or event attendees.
- OmegaFi will deposit the funds into the primary bank account currently on record via ACH electronic transfer.
- OmegaFi's standard collection fee (up to 3%) and the Merchant Discount Fee of 2.65% apply to payments processed through the Contributions Form.

**The Contributions Form is just another way that
OmegaFi helps your chapter *do more!***
