OMEGAFI® Makes Tax E-filing *easy!*

OmegaFi is now an authorized IRS e-filer and subscribed to receive status updates from the IRS throughout the year.

What does this mean?

We will ensure that you, and the next officers and Advisors, always know your chapter's status with the IRS and have all of the tools to easily, quickly and inexpensively maintain your tax-exempt status by accurately filing year after year. The efficiencies we've gained with this process allow us to dramatically reduce the cost for the vast majority of chapters.

IRS Form	Qualifying Income	Cost for OmegaFi to File
990 N	Gross annual receipts < \$50,000	\$35
990 EZ	Gross annual receipts are \$50,001 - \$199,999	\$45
990	Gross annual receipts are > \$200,000	\$650 (due to increased complexity)
